

HOLY TRINITY ACADEMY

Education Plan

2020-2023

PRINCIPAL'S MESSAGE

MR. JAMIE BEAUCHAMP

As principal of Holy Trinity Academy I am pleased to offer our Education Plan which gives clear evidence of the hard work and perseverance of our staff and students, as well as lays out specific strategies to continued improvement.

Although the pandemic continues to represent challenges to education and student learning, our staff continues to make adjustments at every turn, ensuring students needs are met. Our students are even more impressive, demonstrating incredible adaptability and resiliency. I am very proud of how our school community came together to care for one another and maintain a positive school environment during these difficult times.

As staff and students alike are dealing with increased anxiety due to the pandemic, we are making it a priority to focus on mental health, encompassing a holistic view of education. We will continue to focus on building connections through strategies presented by The Third Path Framework, a relationship-based approach to academics and mental health.

As always our faith guides the way we care for students. We are in the second year of our 3 year faith plan, with this year's theme being "Disciples Through Witness". In response to this year's theme we have been supporting staff to better witness their faith, engaging in conversations about their faith journeys with students. Creating an environment that is welcoming to those exploring their faith by sharing how we, as educators, built our own foundations, strengthens our connections to our Catholicity as well as to each other.

I am happy to share the evidence of our hard work as presented in this document, and excited to see what this new year brings.

DOMAIN 2: STUDENT GROWTH & ACHIEVEMENT

The ministry develops and implements curriculum that enables all students to achieve provincial student learning outcomes and monitors student progress through administering provincial assessments. Student growth and achievement refers to many different aspects including educational programs, academic achievement, student well-being and citizenship to name a few. To help ensure the success of all students, student growth and achievement are measured in the following areas:

PROVINCIAL ACHIEVEMENT TESTS & DIPLOMA EXAMS

Provincial Achievement Tests (PATs) and Diploma exams allow students, parents, and teachers to clearly identify areas of strength and areas in need of additional support. PAT and Diploma exams are measured by the students who achieved the acceptable standard and the percentage of students who achieved the standard of excellence on the exams. **There were no Provincial Achievement Tests (PAT's) or Diploma Exams in the 2020-2021 school year due to the COVID-19 pandemic.**

STRATEGIES

- Ensure summative assessments include higher level questions
- Increase quantity and quality of formative assessments
- Teachers PLC to improve practice collaboratively
- Peer tutoring program
- Help for students who fall just below the level of excellence
- Ensure teachers are using “I can statements” with their students so that all students understand exactly how they can demonstrate their understanding of the outcomes being assessed
- Ensure faculty advising is used for goal setting and weekly planning
- Teacher professional development (PD) will concentrate on differentiation, assessment, and depth of knowledge to ensure teachers have a keen understanding of how to engage students, and develop a higher level of student understanding.
- Teachers PLC in order to collaboratively improve practice

INSIGHTS, CONCLUSIONS & IMPLICATIONS

- Due to COVID-19, Provincial Achievement Tests were not administered
- HTA will continue with pre-existing strategies

PROVINCIAL GOAL: CITIZENSHIP

Active citizenship produces motivated and responsible learners and enables students to make a positive contribution to society. This is measured by the percentage of teachers, parents, and students who are satisfied that students model the characteristics of active citizenship.

CITIZENSHIP - MEASURE DETAILS

Notes:

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (*). The AEA survey was introduced as a pilot in 2020/21, when participation was also impacted by the COVID-19 pandemic. The Citizenship measure was adjusted to reflect the introduction of the new AEA survey measures in 2019/20. Caution should be used when interpreting trends over time. Student participation in the survey was impacted between 2014 and 2017 due to the number of students responding through the OurSCHOOL/TTFM (Tell Them From Me) survey tool. Current and historical results were adjusted to reflect an update to the Alberta Education Assurance Measure reporting system.

STRATEGIES

- Establish a greater emphasis on Work Experience in grade 10 with continued focus in grades 11 and 12.
- Continue certify all students in First Aid in grade 11
- Continue to promote RAP and work experience in person in assemblies and in communications home
- Students will continue completing HCS 300 (prerequisite for work experience) as a part of CALM in grade 10, in order to be ready to collect work experience credits

INSIGHTS, CONCLUSIONS & IMPLICATIONS

- Due to COVID-19 clubs and volunteer opportunities have been canceled, reducing students ability to display active citizenship
- Holy Trinity Academy is consistently above provincial numbers for this measure
- Parents and teachers perceive that students model citizenship more than students themselves
- Ensure that students understand active citizenship so they are better prepared to self assess for this measure

PROVINCIAL GOAL: STUDENT LEARNING ENGAGEMENT

Outcome: Learning improves when students find course content interesting and useful in their everyday lives.

STUDENT LEARNING ENGAGEMENT: MEASURE DETAILS

- Encourage and hold the expectation for students to reach high levels of learning (RTI philosophy).
- Ensure instruction and assessment are aligned.
- Student voice and choice is a priority in choosing courses, extracurricular activities, and school decision-making (such as student council, etc.).

INSIGHTS, CONCLUSIONS & IMPLICATIONS

- Holy Trinity Academy is above provincial numbers for this measure
- COVID has had a negative impact on students' ability to engage with learning
